

BOOS Annual Conference 2026 - Draft programme

Day One - Thursday 4th June 2026

SUBJECT TO CHANGE

Main Room: Sacro-Pelvic Study Group Meeting including Metastatic Bone disease

08.45-09.00 Welcome and introduction

09.00-10.30 Morning Session 1: Chordoma 1

09.00-09.10 Overview of Chordoma

09.10-09.20 Update from the Chordoma Foundation

09.20-09.30 The Story of Brachyury

09.30-09.40 London Proton Beam Centre- Reflections on the first 5 yrs

09.50-10.00 RT alone- Is PBT now the Gold Standard?

10.00-10.10 How I do a sacrectomy- tips and tricks

10.10-10.30 Is debulking + RT better than RT alone?

10.30-11.00 Morning Refreshments

11.00-12.45 Morning Session 2: Chordoma 2

11.00-11.30 Sacrectomy + pelvic exenteration. Evolution of technique and outcomes

11.30-11.40 HIFU for chordoma- does it work?

11.40-11.50 Is there a role for cryotherapy in Chordoma?

11.50-12.00 Salvage of recurrent chordoma- what are the options?

12.00-12.10 SACRO trial update

12.10-13.00 Case presentations: North America v UK v Europe

12.10-12.20 Case 1

12.20-12.30 Case 2

12.30-12.40 Case 3

12.40-12.50 Case 4

12.50-13.00 Case 5

13:00-14:00 Lunch plus BOOS Board meeting (members only)

Stream Room: Anaesthetic Programme

08.45-09.00 Welcome and introduction

09.00-10.30 Morning Session 1: Anaesthesia for major bone tumour surgery - primary and metastatic

09.00-09.15 What can we learn from PQIP data in surgery for sarcoma

09.15-09.30 Intraoperative cell salvage in sarcoma surgery

09.30-09.45 To be announced

09.45-10.00 Consensus guidelines for perioperative management of pathological long bone fractures

10.00-10.30 Anaesthesia for bone sarcoma - top tips and points of controversy

10.30-11.00 Morning Refreshments

11.00-12.45 Morning Session 2: Anaesthesia for major sacropelvic surgery

11.00-11.10 Sacropelvic surgery - the St Marks experience

11.10-11.20 Sacropelvic surgery - the RNOH experience

11.20-11.30 Sacropelvic surgery - the Marsden experience

11.30-11.40 Sacropelvic surgery - the ROH experience

11.45-12.00 Shared decision making in major orthopaedic oncology surgery - is it possible to achieve informed consent?

12.00-12.15 Chronic pain following sacrectomy

12.15-12.45 Round table discussion - analgesia for major pelvic surgery - diamorphine or alternatives?

12.45-13.50 Lunch plus BOOS Board meeting (members only)

14-00-16.00	Afternoon session 1: Challenges of pelvic surgery
14.00-14.20	Overview of BOOM consensus + questions not reaching consensus
14.20-14.30	Can we improve the margins?
14.30-14.50	Does the pelvic ring need to be closed?
14.50-15.10	Pelvic reconstruction is not needed: Debate For + Against Vote
15.10-15.20	Surgery for peri-acetabular metastases
15.20-15.30	Spinal myeloma- the London experience
15.30-16.00	Case presentations with audience participation
15.30-15.40	Case 1
15.40-15.50	Case 2
15.50-16.00	Case 3
16.00-16.30	Afternoon Refreshments
16.30-18.00	Afternoon Session 2: Metastatic disease around the pelvis + prox femora
16.30-16.40	Hubs and spokes- where are we?
16.40-16.50	Proximal femoral metastasis- EPR
17.00-17.30	Proximal femoral metastases- save + fix
17.00-17.10	Case presentations with audience participation
17.10-17.20	Case 1
17.20-17.30	Case 2
17.30-17.40	Case 3
17.45-18.00	Guest lecture: GIRFT in orthopaedic oncology
18.00	End of Day One

Stream Room: Trainees Programme	
14-00-16.00	Afternoon Session 1: Revision course for FRCS (orth)
14.00-14.10	Pathology overview
14.10-14.20	Radiology - which imaging and when?
14.20-14.30	Diagnostic algorithm for MSK tumours
14.30-14.40	Needle biopsy, excision biopsy or refer?
14.40-14.50	Soft tissue sarcomas. How to manage them
14.50-15.00	Primary bone tumours- benign
15.00-15.10	Primary bone tumours- malignant
15.10-15.40	Metastatic bone disease- BOOS guidelines
15.40-15.50	Management of pathological fractures- BOAST
15.40-16.00	Quiz
16.00-16.30	Afternoon Refreshments

Stream Room: AHP / Nursing Programme	
16.30-18.00	Afternoon Session 2: AHP / Nursing
16.30-16.40	Personalised Cancer Care and HOPE programme
16.40-16.50	Compassion fatigue amongst Nurses in Oncology
16.50-17.00	Remote care and wearable technology - Tracking your recovery
17.00-17.10	Impact of Surgical factors on Functional outcomes
17.10-17.20	Occupational therapy: What is it, and who needs it?
17.20-17.30	Cancer Survivorship and Biopsychosocial models
17.30-17.40	Gait Analysis after Endoprosthetic replacements for MSK Tumours
17.40-17.50	Moving towards Neighbourhood care
17.50-18.00	Sport and Return to life after MSK tumours
18.00	End of Day One

Day Tne - Friday 5th June 2026

Main Room: BOOS Annual Meeting

08.30-08.40 Welcome and introduction

08.40-10.30 Morning Session 1- Free Papers

08.40-08.50 BOOS research update

08.50-9.00 Paper 1

09.00-09.10 Paper 2

09.10-09.20 Paper 3

09.20-09.30 Paper 4

09.40-09.50 Paper 5

09.50-10.00 Paper 6

10.10-10.20 Paper 7

10.20-10.30 Introducing the NJR M forms

10.30-10.40 Introducing the MORE registry

10.45-11.15 Morning Refreshments

11.15-13.00 Morning Session 2- Free papers

11.15-11.25 Paper 8

11.25-11.35 Paper 9

11.35-11.45 Paper 10

11.45-11.55 Highlights of the Sarcoma UK meeting

11.55-12.05 Paper 11

12.05-12.15 Paper 12

12.15-12.25 Paper 13

12.30-13.00 Hunterian Lecture: Personalised Sarcoma Care from Clinical decision Making to Precision Surgery

13.00-13.50 Lunch

13.50-14.00 Lunchtime Symposium

14-00-16.00

Afternoon Session 1- Free papers

14.00-14.20

BOOS AGM + election of new officers

14.30-14.40

Paper 14

14.40-14.50

Paper 15

14.50-15.00

Debate: Rotationplasty v AKA

15.10-15.10

15.10-15.20

Paper 16

15.20-15.30

Paper 17

15.30-16.00

Guest Lecture

16.00-16.30

Afternoon Refreshments

16.30-18.00

Afternoon Session 2- Free papers

16.30-16.40

Paper 18

16.50-17.00

Paper 19

17.00-17.10

Paper 20

17.10-17.20

Paper 21

17.20-17.25

My experience on the ONKOS mini-fellowship

17.25-17.30

My experience of the BOA Leaders Programme

17.30-18.00

Prize giving + Presidential hand-over
